## DELTA BY-LAWS.

## A BY-LAW

To provide for Draining and Dyking a part of the Municipality of Delta, and for borrowing on the credit of the Municipality the sum of \$13,900 for completing the same, provisionally adopted the 6th day of June, A.D. 1891.

Whereas a majority in number and value of the owners, as shown by the last revised Assessment Roll, of the property hereinafter set forth to be benefited by the drainage and dyking, having petitioned the Council of the said Municipality of Delta, praying that the Council would (under the provisions of the Municipalities Act) make surveys, procure plans and estimates, and pass the necessary by-laws for the construction, protection, and maintenance of a dyke of sufficient size and strength, with all the necessary dams, sluices, boxes, locks, gates, etc., commencing on the eastern boundary of the Municipality at a point above high tides; thence south to the shore line of Mud Bay; thence westerly along shore line of Mud and Boundary Bays to the west side of section 29, T. 3. A ditch of ample size from the Big Slough to the west side of section 32, T. 3. A ditch of ample size commencing at the south-east corner of section 10, T. 4; thence to an outlet in the Big Slough. That the work may be completed at the earliest possible date;

And whereas, thereupon the said Council procured an examination to be made by Hill & Kirk, C. E.s., being persons competent for such purposes, of the said locality proposed to be dyked and drained, and has also procured plans and estimates of the work to be made by the said Hill & Kirk, and an assessment to be made by them of the land to be benefited by such dyking and draining, stating as nearly as they can the proportion of benefit which, in their opinion, will be derived in consequence of such dyking and draining by every road and lot, or portion of lot; the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots, and parts of lots, hereinafter in that behalf set forth and described, and the report of the said Hill & Kirk in respect thereof, and of the said dyking and draining, being as follows:—

To the Worshipful Reeve and Council of the Municipality of Delta:

GENTLEMEN: We have at your request made careful surveys, covering the proposed ditching and dyking scheme in the vicinity of the Big Slough, so called. We find no engineering difficulties to exist which could interfere with the carrying out of the enterprise. The work can be effected at a very moderate cost, and is

calculated to greatly appreciate the value and productiveness of a very large tract of prairie at present almost useless from want of drainage facilities and danger of tidal overflow. As engineers, having no ends to serve but the public benefit in this matter, we would strongly urge that all sloughs effected should be sluiced to the lowest practicable level, any advantage to be gained by admitting the tide to any of these sloughs must, in our opinion, be much more than counter-balanced by the securing of efficient and permanent drainage. Should the Council, however, determine to lock the Big Slough the increase of cost and the introduction of a certain element of danger in the control of unusual tides, are the only objections that occur to us to be considered. We submit plans, in duplicate, profiles, and estimates, with a scheme for the assessment of the cost of construction upon the lands to be improved.

Your obedient servants,

HILL & KIRK,  
*Civil Engineers and Surveyors.*

New Westminster, April 15th, 1891.

And whereas the said Council is of opinion that the dyking and draining of the locality described is desirable;

Be it therefore enacted by the said Municipal Council of the said Municipality of Delta, pursuant to the provisions of the Municipal Act—

1st. That the said report, plans, and estimates be adopted, and the said dykes and drains, and the works connected therewith, be made and constructed in accordance therewith.

2nd. That the Reeve of the said Municipality of Delta may borrow on the credit of the said Municipality the sum of \$13,900, being the fund necessary for the work, and may issue debentures of the Corporation to that amount in sums of not less than one hundred dollars each, and payable within twenty years from the date of issue, with interest at the rate of 6 per centum per annum, payable yearly, and such debentures to be payable at the Bank of Montreal, New Westminster, and to have attached to them coupons for the payment of interest.

3rd. That for the purpose of paying the sum of \$13,900, being the amount charged against the said lands to be benefited as aforesaid, other than lands and roads belonging to the Municipality, and to cover interest thereon for 20 years at the rate of 6 per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied (in the same manner and at the same time as taxes are levied) upon the undermentioned lots, and parts of lots, and the amount of said special rates, and interest assessed as aforesaid, against each lot, or part of lot, respectively, shall be divided into 20 equal parts, and one such part shall be assessed and levied as aforesaid in each year for 20 years after the final passing of this by-law during which the said debentures have to run.

LULU ISLAND LOCAL IMPROVEMENT BY-LAW.

A By-Law to raise by way of loan the sum of \$50,000 for the purpose of Dyking and Draining the eastern portion of Lulu Island.

WHEREAS a majority in number of the owners of property on Lulu Island lying to the east of Road No. 5, according to the last Revised Assessment Roll, being for the year 1890, have petitioned the Municipal Council of the Township of Richmond to take the necessary steps under the authority conferred on Municipal Councils by Section 98 of the "Municipal Act, 1889," and the Acts amending the same, for dyking and draining that portion of Lulu Island lying to the east of said Road No. 5;

And whereas the Council of the Municipality of Richmond have procured the services of Garden, Hermon & Burwell, Provincial Land Surveyors, to examine the locality proposed to be dyked and drained, and to report on the feasibility of the scheme;

And whereas said Garden, Hermon & Burwell have examined said locality and have reported, recommending the construction of said work;

And whereas said Garden, Hermon & Burwell have prepared plans and estimates of the work and have made an assessment of the real property to be benefited by such dyking and draining, with the proportion of benefit to be derived by such dyking and draining by every lot or portion of lot, as hereinafter set out;

And whereas said Council is of opinion that said dyking and draining are desirable and that a loan should be raised for that purpose, to be paid with interest in twenty years at furthest from a day hereinafter to be named;

And whereas the sum required for the purpose aforesaid is fifty thousand dollars;

And whereas a special rate upon the lands to be benefited is to be assessed and levied annually for the

payment of the interest on said loan and for the creation of a sinking fund for the payment of the principal, as and when the same shall, respectively, become due;

And whereas it will require the sum of two thousand five hundred dollars annually for the payment of interest, and two thousand five hundred dollars annually for the creation of a sinking fund, for the payment of the principal during the period in which this By-Law shall be in force and effect;

And whereas the present indebtedness of the Municipality aforesaid is \$30,000, on which no interest is in arrears;

Therefore the Reeve and Council of the Municipality of Richmond in Council assembled, enact as follows:—

1. That the said report of Garden, Hermon & Burwell be adopted, and that the work contemplated therein be proceeded with, as far as may be found practicable, in accordance with said report, and that the property in the schedule hereunto attached, and marked "A," (which said schedule shall be read with and form part of this By-Law), which property is to be benefited by such dyking and draining as reported on by the said Garden, Hermon & Burwell, shall be assessed by special rate or proportion as in said schedule set out for the payment of the costs of said work, and that the money for the constructing of such work be raised by loan as hereinafter mentioned.

2. It shall be lawful for the Reeve and Clerk of the said Municipality to raise by way of loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of Debentures, hereinafter mentioned, a sum not exceeding fifty thousand dollars (\$50,000), and cause the same to be placed in the Bank of British North America, Vancouver, B.C., to the credit of the Municipality for the purpose and with the object above recited.

3. It shall be lawful for the said Reeve and Clerk to cause any number of debentures, of not less than one hundred dollars each, to be issued; said debentures not exceeding in the whole the sum of fifty thousand dollars, and all such debentures shall be sealed with the Seal of the Corporation and signed by the Reeve and Clerk of the Municipal Council.

4. The said debentures shall be made payable in twenty years from the date hereinafter mentioned for this By-Law to take effect, at the Bank of British North America, Vancouver, B.C., and shall have attached to them coupons for the payment of the interest.

5. The said debentures shall bear interest at the rate of five per centum per annum from the date of sale thereof, which interest shall be made payable half yearly on the fifth day of May and fifth day of November, respectively, in each year until said debentures are paid.

6. For the purpose of paying said interest and creating a sinking fund for the repayment of said principal a special annual rate shall be assessed, levied and collected on the lands to be benefited, as per schedule hereto annexed.

7. That said rates shall be assessed, levied and collected in the same manner as taxes in each and every year until said debentures shall be paid off.

This By-Law shall come into force and effect on and after the 5th day of May, A.D. 1891.
